ATTENDEE TESTIMONIALS

"We have five of our key members here at the Executive Summit and they're all learning. Each of them thanks us for the investment that we make in them because they're growing as individuals. And it brings it right back to our business as well. If you are in the industry and you're not a member, you're just missing out." – Jamie Shyer, Zyloware

"The Executive Summit is so valuable because the content is actionable. You leave the meetings and the sessions with ideas that you can deploy the next day. One of the speakers from the 2026 Summit has reshaped the way my company structures our meetings. We heard suggestions for success at Executive Summit and immediately put them into action." –Adam Winkelman, VP of Sales Photochromics, IOT America
